Time to Order is NOW!

Early demand for all kinds of Seeds has been much heavier than normal. Supplies of many seeds were smaller than usual, to start with. Much seed has been exported to our Allies on the Lend-Lease setup. With the urgent call for increased farm products, heavy seed demands will continue.

Nothing can be gained this year by waiting to buy Seeds. Some kinds are near exhaustion now. Lower prices are not expected . . . rather, upward trends seem certain.

Today's prices at Hoffman's are good for use at once. But without guarantee for any future date. . . . War conditions make everything uncertain. . . . Please have this confidence in Hoffman — On later orders, higher prices will not be charged before they become absolutely necessary. New Price Lists supplied any time.

Depend on Hoffman Seeds this year! They will help you grow paying crops!
